WHY CHOOSE HOSPICE OF THE FOOTHILLS?

If you think it's time for hospice care, ask for us. ***You do have a choice.*** Over 500 patients and their families choose Hospice of the Foothills each year because ***we belong to the Nevada County community***. We care deeply about our patient's well-being and go above and beyond the minimum required care.

DEDICATED CARE TEAM

You get a dedicated care team that includes board-certified physicians, registered nurses, licensed social workers, certified nursing assistants, spiritual counselors, and trained volunteers.

COMPREHENSIVE APPROACH

We address all aspects of a patient's well-being, including medical care, emotional support, spiritual guidance, and practical assistance.

24/7 SUPPORT

We provide round-the-clock on-call phone support, ensuring patients and families always have access to guidance and assistance.

PATIENT & FAMILY-CENTERED CARE

We work closely with patients, caregivers, and their families to develop personalized care plans that respect your wishes and needs.

WHAT DOES IT COST?

No cost is ever passed on to the patient or family. Hospice services are covered by private insurance, Medicare, or MediCal, and other expenses not covered are provided to you by the loving members of your community through donations.

Fully embracing the Journey of Life & Death

WHAT IS **HOSPICE** CARE?

Hospice care at **Hospice of the Foothills** is a program of Foothills Compassionate Care. We focus on providing comfort and support to patients with advanced, life-limiting illnesses—as well as supporting their families. We aim to enhance the quality of life by managing pain and symptoms, offering emotional and spiritual support, and assisting with practical needs. Our compassionate team helps ensure you live as fully and comfortably as possible—wherever, whenever, and however you want.

WHAT IS **PALLIATIVE** CARE?

Palliative care is a specialized form of medical care that focuses on providing relief from the symptoms, pain, and stress associated with serious chronic illnesses. If you're living with such an illness, you might already be under the care of a primary care doctor and one or more specialists, and while their care is essential, palliative care offers additional services designed to improve your comfort, quality of life, and support your caretaker and family.

WHAT WE DO

At **Hospice of the Foothills**, we firmly believe that nobody should have to face the end of life alone. We're here to ensure that every individual has the opportunity to spend their final months in comfort, free from physical, emotional, and spiritual pain. We offer our services wherever our patients call home. Our caring, skilled, compassionate team focuses on easing this journey, allowing patients and their families to concentrate on cherishing their moments together.
